

## Why do you have a new giving platform?

With technology advancing at such a rapid pace, more and more people use electronic forms of payment to pay for basic needs, make purchases and more. Young adults and families, especially, are turning to online banking to manage their finances, and almost exclusively use debit and credit cards versus checks and cash for most transactions.

To keep up with the times, and make giving more convenient for our supporters, we are excited to announce the availability of online giving for you! After a simple registration process, you can safely and securely give through our website, kiosk, or text message right from your mobile device!

## How does it work?

Our online and mobile giving is facilitated by Mogiv, a secure giving platform used by nonprofits around the country. They set up the technology that enables gifts in any amount, anywhere, from any device. That allows us to spend more time fulfilling our mission!

## How do I get started?

To start giving online, simply visit the site below and create your first gift. Your gift can be one-time or repeating. You can create an account or give as a guest.

## How do I get started?

To start giving online, simply visit the site below and create your first gift. Your gift can be one-time or repeating. You can create an account or give as a guest.

## How do I get a receipt for my donation?

The Mogiv system will email you a receipt for each gift that you make. You can also access a personalized, printable giving report online at any time. All your gifts are tax deductible.

## How soon will you receive my gift?

Depending on your method of payment, it will take from two to three business days for your gifts to arrive in our bank account. Funds are settled directly into our designated bank account.

## How much does it cost me to use the Mogiv system?

The Mogiv system is free to use for givers. There are no set-up fees, and no fees charged to make a gift.

## How much does it cost you when I use the Mogiv system?

Mogiv charges competitive credit card and merchant bank processing fees. Keep in mind that we also have labor and other costs associated with processing cash and check gifts. To make giving more accessible to everyone, we're willing to pay the fees. Of course, you can also opt to add a small percentage to your donation to help cover these fees.

An overhead photograph of four people sitting on a light-colored wooden floor. They are all looking down at their devices: a smartphone, a laptop, and two tablets. The image is partially obscured by a green overlay that contains text and input fields.
