

Online and mobile giving

– any time, anywhere, any amount

Mogiv is a web and mobile-based giving platform that leverages the best technology available to help churches and nonprofits engage their supporters and create “cultures of generosity” that will sustain them for years to come.

How can Mogiv help?

Mogiv uses these tools and more to help you turn unengaged “followers” into lifelong givers:

- ▶ Text giving and other mobile tools turn every moment into an opportunity for generosity.
- ▶ Embeddable giving forms empower your members to give without EVER leaving your website!
- ▶ Flexible recurring giving options turn “tippers” into committed titheers.
- ▶ An unlimited number of funds let you direct giving toward various ministry needs.
- ▶ Easy integration with Fellowship One, CCB, ACS, and a host of other church management tools.

How much does Mogiv cost?

No setup, subscription or support fees.
All you pay is a merchant fee.

When you create a Mogiv account, you will be provided with a merchant account through our banking partner. For each donation received through Mogiv, you will be charged a merchant

fee, which includes a small Mogiv fee. That’s it! Our success is entirely dependent on how well our system works for you!

Debit/credit card gifts = 2.90% + \$0.70

Bank account transfers (ACH) = 1.00% + \$0.45

Get Started Today For Free!

Simply go to mogiv.com/church

No contracts required! You will be guided through a short application process, and will be on your way to receiving text, email and online gifts in a matter of days!

Let’s Talk!

As proud as we are of our platform, we still believe customer service is our strongest feature. Call or email us and we’ll get started on your “Custom Launch Plan” today!!
